Financial Contributions for 2026

Dear parent/guardian,

Walcom Ngarrrwa Secondary College is looking forward to another great year of teaching and learning and would like to advise you of Walcom Ngarrrwa Secondary College's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you now in anticipation of your support, whether that is through payment of parent contributions, fundraising or volunteering your time. This all makes a huge difference to our school and the programs we can offer.

The following pages set out our financial contributions for next year and your payment of these will support us in building bright futures for our students. Our decision to provide all students with a laptop device has been made to provide equal learning opportunities for our students and to also ease the financial burden on our families. The Digital Technology contribution will allow us to service and support these devices for students in both 2026 and beyond.

All government schools are funded using the same, per capita, model. For Walcom Ngarrrwa Secondary College to provide a high-quality education to our students, the financial support of families is essential.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Brad Moyle
Principal

Chris Sutcliffe
School Council President
